Partnership Proposal · Kitco News

CONFIDENTIAL · March 2026

10 million Kitco readers.

Zero ways to trade their convictions on-chain.

\$10 Trillion

Asset class

Silver, gold, copper, uranium, lithium.

No prediction market exists for any of it — anywhere in crypto.

Polymarket does \$500M/month.

Almost entirely politics and tech.

Commodities are completely absent.

Conviction without action

Kitco readers know
where metals are heading

They read. They form views.

Then they can only buy physical
or trade equities. That's it.

Kitco becomes the trusted settlement layer for commodity prediction markets on HyperLiquid.

HOW THE INTEGRATION WORKS

- 1 HYPERFLEX AI scans Kitco News daily
- 2 Headlines become prediction markets
- 3 Each market links back to source article
- 4 Kitco spot price resolves the market
- 5 Settlement recorded on-chain via HyperLiquid

WHAT EACH PARTY GETS

KITCO GETS:

- Qualified traffic from engaged commodity traders
- Every market links directly to source article
- Positioned as the authoritative settlement oracle
- New audience that cannot currently act on Kitco content
- Zero cost — no integration work required to start

HYPERFLEX GETS:

- Trusted price feeds for market settlement
- Instant credibility with commodity trading audience
- Content pipeline that generates markets automatically

Zero cost. Zero risk. No exclusivity required to start.

This is a content + data partnership — not a licensing deal.

A 20-minute call. That's it.

No commitment. No contract. No upfront cost on your side.

A call to explore the partnership

Walk through the platform live.
See the AI scanner generate markets
from today's Kitco headlines in real time.

2

Access to Kitco's public price feed

The same XAG/XAU spot prices
already on your website.
No proprietary data required to start.

3

Permission to link back to articles

Every market we create credits
and links to the source Kitco article.
We drive traffic. You get attribution.

Kitco has 10 million monthly readers who have never been able to trade their convictions on-chain.

HYPERFLEX builds that bridge. Kitco is the foundation it rests on.
